# FROG STREET'S EARLY CHILDHOOD PROGRAMS ARE BUILT ON FOUR KEY CORNERSTONES:

## Have you ever tried to adapt or modify curriculum to meet the diverse needs of the children in your care?

We understand that as children grow, their needs change. Frog Street programs offer developmental and learning continuums that allow children to build on previously mastered skills to more readily achieve new skills in a seamless and continuous way.

## Are you looking for ways to increase your CLASS® scores?

Classrooms using Frog Street programs, which are designed around the latest early brain development research, have reported an increase in CLASS instructional support scores in the first year of program implementation.

## Do you search for ways to help your children achieve the social competence and emotional stability you know they need to be successful learners?

Frog Street early childhood programs place a special emphasis on social and emotional development through the implementation of Dr. Becky Bailey's Conscious Discipline®. As children practice daily rituals that invite them to unite, calm, connect, and commit, they are laying the foundation for invaluable life skills.

## FROG STREET'S VISION

is to change the next generation of children by equipping early childhood educators with developmentally appropriate curriculum and best-in-class professional learning.

# EVERY AGE AND EVERY STAGE BIRTH TO 5

Each comprehensive program includes easy-to-use instruction, family communication, assessment, and much more!

Frog Street programs offer teaching prompts, strategies, and tips that reflect best practices to enhance professional learning and maximize teacher effectiveness.

All programs are aligned to Head Start Early Learning Outcomes, as well as state standards, and meet NAEYC early childhood program standards.

“What you teach me birth to three will be what matters most to me. What you teach me three to five will be what makes me grow and thrive.”

- Dr. Pam Schiller, Senior Author

All programs offer materials in English and Spanish.
